Hi George and Jane,

I apologize for this late report. I tried to double check our numbers but we are still improving our database and it is not designed for a quick check on the MIT measures. We have also been working on the data that EPA has requested in the July 17 letter.

Please send me an email if you have any questions – I will be out for 2 weeks but will be back on the 22nd.

Regards,

Jerry Salera
